

McREL's Principal Evaluation System

In Partnership with CCOSA

Measure what matters most:

- Measuring performance on teaching & leadership practices linked to student success;
- Ensuring fairness, gauging educator performance on multiple indicators, including student achievement;
- Improving performance, differentiating and focusing professional development according to individual staff needs;
- Streamlining reviews, providing a web-based system for storing, tracking and reporting results.

These trainings are being offered for new administrators. Please select from the two-day trainings listed below. The cost of training is \$211.00 per attendee.

To register, visit www.ccosa.org, or call CCOSA at 405-524-1191 if you have any questions.
