

**Oklahoma School Testing Program**  
**Oklahoma Modified Alternate Assessment Program**  
**Algebra I**  
**Test Blueprint**  
**School Year 2013-2014**

The Test Blueprint reflects the degree to which each standard and objective of the Oklahoma Academic Standards is represented on the test. The overall distribution of operational items in a test form is intended to look as follows:

Standards and Objectives	Ideal Number of Items	Ideal Percentage of Items
<b>1.0 Number Sense and Algebraic Operations</b>	<b>10–12</b>	<b>23%–28%</b>
1.1 Equations and Formulas	4–6	
1.2 Expressions	5–7	
<b>2.0 Relations and Functions</b>	<b>21–23</b>	<b>49%–53%</b>
2.1 Relations and Functions	2–3	
2.2 Linear Equations and Graphs	12–14	
2.3 Linear Inequalities and Graphs	3–5	
2.4 Systems of Equations	2–3	
<b>3.0 Data Analysis, Probability, and Statistics</b>	<b>6–8</b>	<b>14%–19%</b>
3.1 Data Analysis	4–6	
3.2 Line of Best Fit	1–3	
<b>Total Test</b>	<b>40–43<sup>1</sup></b>	<b>100%</b>

<sup>1</sup> The actual number of items scored for a student may be slightly lower pending a review of item statistics.

- Student performance on the multiple-choice test will be reported at the standard level. A minimum of 6 items is required to report a standard.
- Percentages are approximations and may result in a sum other than 100 due to rounding.
- The Oklahoma Academic Standards for Algebra I correspond to the *PASS* Algebra I standards.
- **The Oklahoma Modified Alternate Assessment Program (OMAAP) will only be available for repeat testers starting in school year 2013-2014.**
