

## TLE Roster Verification – Tested Grades and Subjects

Tested Grades: Grades 03 – 12

Tested Subjects:

Note: Due to the way “Self-Contained” courses are reported without providing any information as to the subject matter content of the course, the Wave separated out the “Self-Contained” state course codes into categories for each of the tested subject areas (Math, Reading, Science, Geography, Social Studies, and History). Either the actual course code or the Self-Contained code for that particular subject matter area can be used in the Battelle Roster Verification. Each district can decide which code to utilize.
